

Baseball Canada Cup

Thunder Bay, Ontario, Canada
August 18 - 22, 2004

2004 08 22

To Whom It May Concern:

It has been a marvelous experience having Mr. Kevin Ennis of Carolina SportsCare and Physical Therapy as the Coordinator of Player Care at the 2004 Baseball Canada Cup. Mr. Ennis' vast background in dealing with player injuries has insured that players involved in this national tournament are treated promptly, efficiently and effectively. Players and coaches were extremely impressed with the knowledge and insight he was able to provide.

Working with a wide variety of physicians, optometrists, chiropractors, and physical therapists, Mr. Ennis provided a necessary link in managing two baseball complexes during the tournament.

We are indeed fortunate that he chose to come to our community from his home in St. Helena Island, South Carolina to coordinate this premiere Canadian event.

We strongly recommend the services of Carolina SportsCare and Physical Therapy to any individual or organization.

Sincerely

Larry Hebert
